# South Dublin County Joint Policing Committee

## Annual Report 2018

### 1. Introduction

The South Dublin County Joint Policing Committee was established on the 26<sup>th</sup> October 2007. The Committee continues to provide a forum for representatives from An Garda Síochána, South Dublin County Council, Oireachtas members and Community representatives, to make an important contribution to addressing issues relating to crime locally, to get together in a regular and structured way, to consult with each other and to discuss and make recommendations on matters affecting the policing of South Dublin County.

The JPC is a partnership, co-operative in nature and operating with the minimum of formality to identify, raise awareness of and find solutions to issues impacting on, or causing concerns for the local community.

South Dublin Joint Policing Committee continues to be a partnership between An Garda Síochána, South Dublin County Council and the residents of South Dublin County. Members of the Joint Policing Committee work together to help prevent crime and solve neighbourhood problems by:

- Encouraging active citizen involvement in policing efforts.
- Focusing on issues of ongoing public concern.
- Providing continuity of service to the community
- Ensuring active involvement by the relevant staff in problem-solving
- Initiate creative responses to neighbourhood problems.
- Developing the capacity of residents and affording them the opportunity to speak and act effectively on their own behalf
- Strengthening and building groups and organizations so residents can advocate for their own interests.
- The work of the LPF Management Committees and LPF Public Meetings convened by the four Local Policing Fora and their role and reporting relationship to the JPC increases community involvement and trust in the work of the committee.

## 5 Advice/Recommendations

5.1 The JPC has discussed many different issues at their meetings and in 2018 these included:

<ul style="list-style-type: none"> <li>Local Policing Forums</li> <li>LPF in Lucan area</li> <li>Memorandum of Understanding with the LCDC</li> <li>JPC Drug subcommittee</li> <li>St Cuthbert’s Park</li> <li>Church of Scientology</li> <li>Role of the JPC</li> </ul>	<ul style="list-style-type: none"> <li>JPC Annual report</li> <li>JPC Strategic Plan 2016-2022 Progress Report</li> <li>Tallaght Garda Station overcrowding</li> <li>Local Policing Forums</li> <li>Scramblers &amp; Quad Bikes</li> <li>LPF in Lucan and Adamstown</li> <li>JPC Drug subcommittee</li> </ul>

In South Dublin County, the Gardaí and the Local Authority have a good working relationship. Contact is made both at Senior Level, through the JPC and other inter-agency committees and also at operational level with the Community and Housing Departments and the Community and Juvenile Liaison Sections of the Gardaí.

### 5.2 Drugs

5.2.1 Following repeated reports from members of the JPC and recommendations from the South Dublin County Community Platform and more recently the Public Participation Network, the JPC set up a Drug Intimidation Subcommittee to consider this topic. Both the Gardaí and Local Authority officials are very involved together with members of the Drug & Alcohol Task Forces. Two Seminars on the issue were held; in 2011 (Community Platform) and 2012 (JPC), there was a poster campaign started in 2013 that continued into 2014. In 2016 a further Seminar to review progress on the issue was held. At this seminar a number of suggestions were made including:

- The need for “mini CABs” to address the wealth generated by drug suppliers
- That the impact of poverty and unemployment within disadvantaged and Traveller communities is linked to the problem of drug misuse and then drug related intimidation
- That the impact of intimidation on people’s mental health be recognised and that GPs have a role to play here
- That there is a need to address the “normalisation” of drugs where recreational drug use has a huge impact on communities
- That mothers/women are often the victims of intimidation and that drug related intimidation has similarities to the impact of domestic violence

5.2.1 Following the seminar in May 2016 at the JPC meeting held on the 25<sup>th</sup> November 2016 it was agreed to form a Drug Subcommittee which comprises the following members and met a number of times in 2018:

Name		16 01 18	13 03 18	01 05 18	22 10 18	19 11 18

5.2.2 The drug Subcommittee had an update report on each JPC agenda and in 2018 made the following proposals:

- To have a presentation on the differences between legalisation and decriminalisation of drugs.
- A request to find out what other JPCs are doing on the drug issue
- The need to consider protocols for GPs in relation to drug prescribing.

### 5.3 Age Friendly County

There are currently a wide range of projects and initiatives in place which help to improve community safety and reduce levels of fear. These have included attendance by Gardaí at post offices on Friday and visibility at places of worship and community meetings. The Gardaí are also committed to raising awareness with young people of the impacts of antisocial behaviour on older neighbours. Crime Prevention Officers from An Garda Síochána continue to meet regularly with older persons groups throughout the County. The JPC supported initiatives to have a Home Security Lock Scheme

### 5.4 Integration Strategy

An integration strategy was prepared for South Dublin County. The JPC continues to support the implementation of the community safety actions contained in the strategy. A new strategy is being developed and it is aimed to launch it in 2019.

### 5.5 Safety in Parks

The Joint Policing Committee set up a Parks Working Group in November 2009 to look at safety in public parks. This group provided a comprehensive report to the Joint Policing Committee which listed 52 recommendations. Following consideration of the report, the JPC set up a small working group to monitor progress on the implementation of the recommendations; this involves both the Gardaí and the Local Authority.

## **5.6 CCTV**

The Joint Policing Committee considers that CCTV is an important tool in combating crime and anti-social behaviour. The Community CCTV schemes in Tallaght and Clondalkin are now monitored 24/7 in Tallaght and Ronanstown Garda Stations. Both the County Council and the Gardaí are working closely together to ensure that the CCTV schemes in this County are successful in terms of safety, prevention and intervention. In 2017 the Community Based CCTV initiative was relaunched with funding of €40,000 and this was considered by the JPC to be insufficient to support the installation and maintenance of CCTV schemes. Options for CCTV schemes have been brought to the JPC by individual Management Companies and Resident Associations seeking support. The JPC has decided not to support community-based CCTV schemes as issues relating to data control and repair and maintenance are very burdensome and the necessary funding is not available.

## **5.7 Halloween 2018**

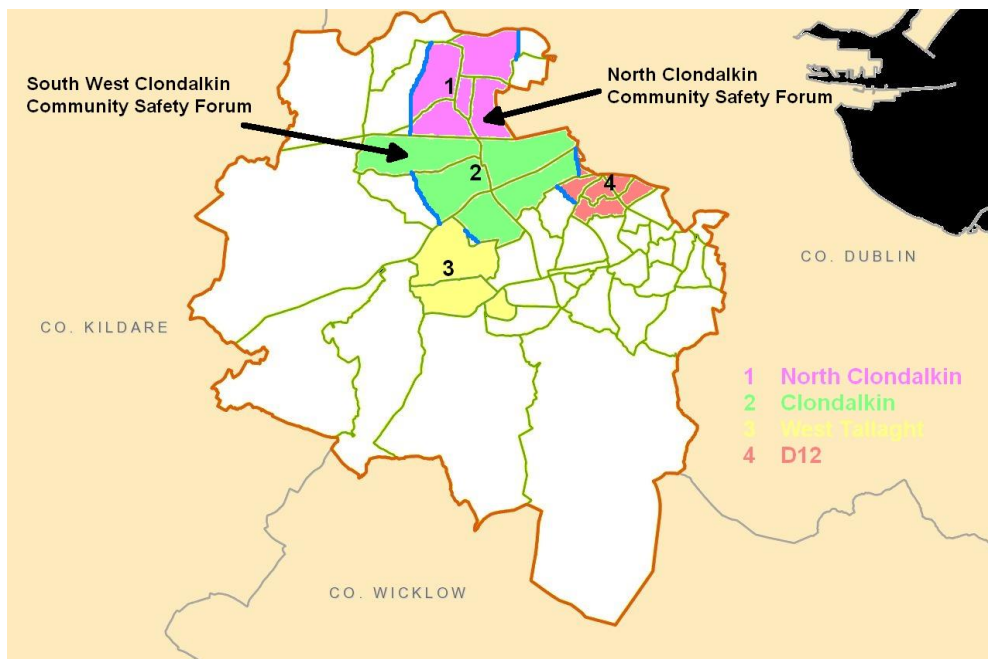

An interagency approach which included the Council, Gardaí, Fire Brigade and Dublin Bus continued to promote a Safe Halloween through radio, school visits, and the early collection of bonfire material and co-operation from local communities. South Dublin County Council supported community projects to provide activities over Halloween with a Halloween Events fund.

## **5.8 Late Night Leagues**

The late-night leagues continue to be successful throughout the County. The initiative is based around the concept of using football as a tool for social inclusion and learning, divert youths from Crime and anti-social behaviour and encouraging at risk young people to participate in meaningful activities, thus reducing anti-social behaviour

## 6 Local Policing Fora and Public Meetings

6.1 South Dublin County Joint Policing Committee set up three Local Policing Fora which are located in Tallaght, Clondalkin and North Clondalkin. In addition, South Dublin County covers part of the D12 Local Policing Forum. Public meetings are organised by the Local Policing Fora and supported by the Joint Policing Committee. Each Local Policing Fora is made up of representatives of the Local Authority, Garda Síochána, Elected Representatives, Local Drugs Task Force and local residents. The relevant Superintendents/Chief Superintendents with Inspectors and Community Garda attend these meetings together with senior managers from the Housing and Community Department of Dublin County Council. This commitment by the most senior Gardaí and Local Authority officials has been recognised by the Local Policing Fora members and the local community. This also allows the most senior staff in both organisations to hear the difficulties, fears and concerns first hand from residents. The Local Policing Fora also allow for input and discussion with other local safety initiatives such as the Dublin Bus/LUAS Fora.

LPF Management Committees met throughout 2018 and public meetings were held in all areas. Reports from the public and management meetings have been presented to all meetings of the JPC in 2018.

6.2 The following issues have been raised in 2018 at public meetings and again at Local Policing Fora management meetings in the four areas:

### 6.3 LPF Relationship with the JPC

The Local Policing Fora provide a report to each meeting of the Joint Policing Committee and the agenda allows for consideration and discussion on the items raised.

The following chart shows the relationship between the LPFs and the JPC. Two areas South West Clondalkin and North Clondalkin have Community Safety Forums covering part of the LPF area. The Community Safety Forums have representatives on the LPF Management Committees to ensure a flow of information.
