The Council has recently launched a new Integrated Housing System (IHS) that will replace our existing Rents App/On line Rent Account service. This is part of our ongoing digital transformation to provide the best possible service to our citizens.

Phase 2 of the Housing On Line module is scheduled to be completed by July and this will bring many benefits to our customers by providing an online self-service area that is fully mobile responsive so housing customers will be able to view their rent account 24/7 on any device.

We apologise for any inconvenience, if you have a query regarding your rent account please email info@sdublincoco.ie
