

Energy Assessment Form

Site Address	
---------------------	--

Site Coordinates		
-------------------------	--	--

Use Type (e.g. residential, office, retail)	Floor Area (m ²) <u>or</u> No. of Units (e.g. flats, hotel rooms)
Total	

Building Footprint (m²)	
---	--

Year of Construction	
-----------------------------	--

Building Energy Rating (BER)	
-------------------------------------	--

Heating Fuel (e.g. gas, oil, electricity)	
Heating Plant (e.g. boiler, heat pump)	
Heat Delivery System (e.g. rads, AHUs)	
Heating Plant Efficiency (%)	
Year Heating Plant was Installed	
Heat Demand (kWh/year)	
Peak Heat Demand (kW)	

Electricity Demand (kWh/year)	
Peak Electricity Demand (kW)	
On-site Electricity Production (e.g. PV, CHP)	
Electricity Production Capacity (kW)	
Electricity Production (kWh/year)	
Year Installed	

Cooling (if applicable):

Cooling Demand (kWh/year)	
Cooling Capacity (kW)	
Cooling Production Plant (e.g. Electric Chiller)	
Cooling System (e.g. Chilled Beams, Fan Coil)	
Cooling Plant Efficiency (%)	
Year Installed	

Electric Vehicle Charging (if applicable)

Charger Type	No. of Charging Points	Total Rated Capacity (kW)

District Heating (if applicable)

Is the Building District Heating Enabled? (Yes/No)	
--	--
