

EASTERN CATCHMENT FLOOD RISK ASSESSMENT AND MANAGEMENT STUDY

PUBLIC CONSULTATION DAY

Poddle River Draft Flood Mapping & Potential Flood Management Options

24th June 2013, Perrystown Community Centre
1.00pm to 7.30pm

An open day is taking place to present Eastern CFRAM Study draft flood maps and potential flood management options for the Poddle River. All are welcome to attend.

Staff from the study team will be present to discuss and receive comments on the maps and options which will then be available for a period of two weeks after the event at www.eastcfрамstudy.ie.
