

Cyber Security Awareness Talks

The European Cybersecurity Month (ECSM) is the European Union's annual campaign dedicated to promoting cybersecurity among EU citizens and organisations, and to providing up-to-date online security information through awareness raising and sharing of good practices.

Topics being discussed include

- What is Cyber Security?
- Why is it important?
- Effective use of passwords.
- Different types of cyber threats
- How to identify these threats.
- How to keep your device safe.
