

Dynamic Purchasing System for Civil Engineering Works

Information Note

Dynamic Purchasing System for Civil Engineering Works

A Dynamic Purchasing System for Civil Engineering Works ("the DPS") was advertised on www.etenders.gov.ie on the 19th April 2021. The Initial Application Period will close on the 19th May 2021 at 3:00 p.m. It is anticipated the DPS will be established in Q3, 2021.

The application process on eTenders will remain open after the initial application period deadline passes and will continue to remain open to new and previously unsuccessful applications over the lifetime of the DPS.

What is a Dynamic Purchasing System?

A Dynamic Purchasing System is a two-stage electronic process that contracting authorities use to streamline the procurement of commonly available goods, works or services that meet their requirements from suitably qualified Economic Operators admitted to the DPS.

Stage 1 Call for Competition – DPS Qualification

Call for competition issued by Local Government Operational Procurement Centre (LGOPC) seeking requests to participate in the DPS, and the DPS is established.

Stage 2 Supplementary Request for Tender

Contracting Authorities invite the Economic Operators admitted to the DPS to tender for specific Supplementary Request for Tender (sRFT) Contracts.

Who should Apply?

Economic Operators who are experienced in carrying out Civil Engineering Works.

How Many Lots are in the DPS?

There are **four** Lots in the DPS:

Lot 1 - Road Making and Associated Ancillary Works with PSCS appointment for Contracts greater than €200K

The relevant categories associated with works for this Lot may include but are not limited to:

- Road Resurfacing/Surfacing Works
- Road Reconstruction/Restoration/Strengthening
- Road Recycling

The above categories may include the following works:

- Pavement Works
- Road Recycling
- Kerbs, footways & paved areas
- Drainage works
- Services installation and accommodation works (e.g. connections to public utilities such as water/wastewater/power/communications/CCTV, etc.)
- Trench reinstatement
- Groundworks
- Earthworks
- Accommodating and minor landscaping works
- Other related ancillary works

Lot 2 - Road Making and Associated Ancillary Works with PSCS appointment for Contracts less than €200K

The relevant categories associated with works for this Lot may include but are not limited to:

- Road Resurfacing/Surfacing Works
- Road Reconstruction/Restoration/Strengthening
- Road Recycling

The above categories may include the following works:

- Pavement Works
- Road Recycling
- Kerbs, footways & paved areas
- Drainage works
- Services installation and accommodation works (e.g. connections to public utilities such as water/wastewater/power/communications/CCTV, etc.)
- Trench reinstatement
- Groundworks
- Earthworks
- Accommodating and minor landscaping works
- Other related ancillary works

Lot 3 - Road Making and Associated Ancillary Works without PSCS appointment for Contracts less than €200K

The relevant categories associated with works for this Lot may include but are not limited to:

- Road Resurfacing/Surfacing Works
- Road Reconstruction/Restoration/Strengthening
- Road Recycling

The above categories may include the following works:

- Pavement Works
- Road Recycling
- Kerbs, footways & paved areas
- Drainage works
- Services installation and accommodation works (e.g. connections to public utilities such as water/wastewater/power/communications/CCTV, etc.)
- Trench reinstatement
- Groundworks
- Earthworks
- Accommodating and minor landscaping works
- Other related ancillary works

Lot 4 - Civil Works with PSCS Appointment

The relevant categories associated with works for this Lot may include but are not limited to:

- General Civil Engineering Works
- Flood Relief Works
- Groundworks

The above categories may include the following works:

- Geotechnical and Other Specialist Processes
- Demolition and Site Clearance
- Earthworks
- Drainage works
- In-situ Concrete
- Precast Concrete
- Pipework
- Structural Metalwork
- Piles
- Services installation and accommodation works (e.g. connections to public utilities such as water/wastewater/power/communications/CCTV, etc.)

Contractors wishing to participate in the Lots above must apply for each Lot separately.

Selection Criteria

Contractors applying for admittance to the DPS will be required to meet selection criteria, including:

- Exclusion Grounds and Conflict of Interest Declarations
- Health and Safety Declarations
- Financial and Economic Standing
- Details of previous projects completed relating to Civil Engineering Works.

Which Public Service Bodies May Call-Off from this DPS?

Civil Engineering Works may be procured by all Public Service Bodies in the Republic of Ireland (e.g. Local Government, Defence, Health, Education, etc.) following the completion of Supplementary Request for Tender competitions under this DPS.

Economic Operators can indicate which regions (county or counties) they wish to apply for during the application process.

How do I Apply?

The application process is made online through www.etenders.gov.ie. The tender documents are available for download at www.etenders.gov.ie. The **eTenders system ID** for this competition is **188347**.

Call-Offs from the DPS

Supplementary Request for Tender (call-offs) competitions will be run separately through www.supplygov.ie by each of the contracting authorities. Details required at the Supplementary Request for Tender stage will be set out in the Supplementary Request for Tender documents.

Duration of the DPS

It is anticipated the DPS will be established for a period of five (5) years.

Who we are?

The Local Government Operational Procurement Centre operating under the auspices of Kerry County Council is tasked with leading the two procurement categories of **Plant Hire** and **Minor Building Works and Civils**. The LGOPC delivers sourcing methodologies & procurement routes for Local Authorities and other Public Service bodies.

What is eTenders?

eTenders is the Irish Government's electronic tendering platform administered by the Office of Government Procurement.

If you are not registered on eTenders, please now register on www.etenders.gov.ie and apply for this DPS.

This DPS is published on eTenders under a number of relevant Common Procurement Vocabulary (CPV) codes including, but not limited to, the following:

- CPV Code 45220000-5 Engineering works and construction works
- CPV Code 45233000-9 Construction, foundation and surface works for highways, roads
- CPV Code 45233320-8 Foundation work for roads
- CPV Code 45233251-3 Resurfacing works
- CPV Code 45233222-1 Paving and asphaltting works
- CPV Code 45232450-1 Drainage construction works
- CPV Code 45262300-4 Concrete work
- CPV Code 45233140-2 Roadworks
- CPV Code 45233141-9 Road-maintenance works
