National Spring Clean

2018 - The National Spring Clean campaign is Ireland's largest and longest running anti-litter campaign. In 2018 the initiative celebrates its 20th Year and to celebrate this milestone in South Dublin County the students and staff of St Joseph's Special School assisted the Mayor of South Dublin County Council Cllr Paul Gogarty launched the initiative in Tymon park .

Eco Week 2018 - Eco Week 2018 took place from the 23rd –27th April with community events taking place in the parks across the county. RecycleIt had a beautiful vintage display in County Hall for the week and they offered recycling facilities to all visitors during this time.

Good News - Throughout the year groups within SDCC have been extremely active in their communities keeping them clean, graffiti free and with green space enhancement through the Bulbs not bonfires campaign. Materials and support are available to all groups that make an application through the Social Credit System. Below is an example of some of the great work that's been carried out by residents from all around SDCC. It's brilliant to see the community spirit and civic pride, SDCC would like to take this opportunity to thank everyone involved in the Social Credit Scheme.
