

Tree Maintenance Programme 2022-2024 Tallaght area.

The Council's Tree Maintenance Programme 2020-2022 has been completed ahead of schedule and a new 3 -year programme is being proposed. Tree maintenance will be carried out according to the Council's Tree Management Policy 2021-2026 "Living with Trees". In advance of commencing works within an estate or road, a full survey of all trees at the location is carried out to inform the programme and scheduling of tree maintenance. The tree surveys record data on tree species, age, maintenance required and photographic data. An update on the location of works will be provided on the Council's website and on social media.
