

Occupational Therapist (OT)

If you are applying for changes to your home (such as ramps, bathroom changes, or other adaptations), you must include a report from an Occupational Therapist (OT).

This report explains exactly what works are needed to help you live safely and comfortably at home.

How to Get an OT Report

1. If you need a HSE Occupational Therapist

- You can be referred by your consultant, GP or hospital staff
- You can self-refer via your local Health Centre
- Referrals can be taken over the phone (see contact numbers overleaf)

2. If you need a private Occupational Therapist

- You can find a private OT in your area by visiting:
- www.aoti.ie

Occupational Therapist (OT)

Cost and Refunds

- If your grant application is approved:
- You can get up to €300 back to cover the cost of the OT report
- To get this refund, you must submit the OT's receipt with your grant application
