Annual Revenue Budget 2015

Dear Member,

The attached Budget, which has been presented in the statutory format, has been prepared in consultation with the Corporate Policy Group taking account of the financial parameters and constraints as they currently apply.

Against a background of modest national economic recovery the Budget seeks to support that recovery process locally, build on progress made during 2014 and promote the economic wellbeing of the County generally.

In this latter regard the focus of the Budget is to deliver on Council policy in such areas as infrastructural investment, economic development, sustaining and creating jobs, health and wellbeing, community and business supports, supporting the less well-off and improved service provision where possible within the financial envelope available.

Local Property Tax

This is the first Budget that benefits from the new Local Property Tax (LPT) system. Government has decided on a national equalisation model which commits 20% of monies collected to national local government funding supports, while 80% is allocated to the County of origin. The Council may at its discretion, following public consultation, increase or decrease LPT rates by 15%. The decision of this Council was to reduce LPT in 2015 by 15% and the budgetary provision of €4,898,012 has been made to meet this commitment. Likewise, as in the case of 2014, provision has been made to meet the cost of covering the cost of the LPT liability on Council owned housing stock to the value of €687,000.

Housing

One of the biggest challenges facing this Council in recent times and into the future is every aspect of Housing supply, both private and public. This is an integrated and complex issue which needs to be addressed on every level. In this context this Council:

- Is proactively engaging through the planning process with the construction industry in ensuring that the development management system is responsive to the requirements of the sector. At this time there are in excess of 2,500 permitted private housing units awaiting construction throughout the County.
- In terms of social housing, the Government's Social Housing Strategy is awaited. In the interim this Council has secured planning approval for 260 units and will seek to increase this to 500 units during the first half of 2015.
- Regrettably the issue of homelessness is proving increasingly difficult as affordable rented accommodation is not meeting demand. An additional €900,000 is provided in the 2015 Budget under this heading bringing the net cost of this service to €1,509,300 which represents an increase of 150% for 2015.
- In the context of sustaining existing stock €1,000,000 has been provided for planned maintenance as part of our Windows and Doors Replacement Programme. In addition a one-off supplementary allocation of €500,000 is being provided in our Capital Programme.
- As a separate initiative €250,000 has been provided to initiate a new House Painting Programme supported by a planned apprenticeship scheme.

Economic Development

As in 2014 the promotion of economic development is a key element of the Budget. The Capital Investment Programme presented as part of the budgetary process is primarily focused on strategic investment which enhances the County's appeal to both internal and external investors, while improving quality of life for everyone. There is a continued emphasis on collaboration with business, state agencies and partners across Government in the delivery of economic development initiatives.

In particular during 2015 we will focus on:

- The positioning of the Local Enterprise Office (LEO) as a first-stop-shop for all business support and advisory services. Apart from the traditional micro enterprise support structures, the LEO will broaden its remit through:
 - Providing and promoting an advisory service for all business including the provision of a free phone helpline. In addition to the traditional marketing it will road-show its services across the County to broaden its audience and to develop a better understanding among the business community of its role and value.
 - It will work with the Chamber of Commerce on on-going initiatives in the area of business support.
 - It will finalise in the first quarter of 2015 a detailed Enterprise Strategy focused on support to every aspect of business including start up infrastructure, education and training, advisory, mentoring and financial aid.
 - In the context of training it will look to support the SME sector in areas such as on-line trading, procurement, recruitment advice, local skills strategies, energy audits etc.

The Business Support Programme, funded as part of our collaboration with South Dublin Chamber, will continue to operate in 2015. Financial provision has been made to support the soon to be established retail fora and to complete the economic profiling exercise commenced during 2014. In order to underpin the retail fora, funding has been provided to support potential outcomes including providing training through the LEO and access to retail consultancy services. This latter service will focus on advice in such areas as e-trading, smart procurement, shop front presentation, shop layout etc. In addition the shop front grant scheme has been extended for another year and the available fund augmented by €50,000.

An allocation of €230,000 has been made in the Budget to fund these retail support and Chamber initiatives. A budget of €40,000 has been provided to complete the suite of marketing and promotional material for both indigenous and overseas purposes.

Business Support Fund

A provision of €1,200,000 has again been made in 2015 under this heading. This will support an average 8% reduction on rates for SME's who pay their rates in accordance with the scheme. Interaction with the programme in 2014 has been positive with 800 ratepayers likely to avail of this facility. The balance of funding available from 2014, together with an equivalent contribution remaining from 2015, will be ring fenced to support business with initial emphasis on a programme of industrial estate refurbishment and revitalisation.

We are aware from rate vacancy levels and the feedback received from the Economic Profiling exercise that industrial estate regeneration is a significant strategic issue. The €1,000,000 fund now provided for will be further considered by the Economic Development Strategic Policy Committee in terms of how it is to be specially targeted in the context of dealing with dereliction, vacancy rates and improved appearance.

Tourism

As a vehicle for economic development, tourism is clearly under exploited. The recently convened Tourism Steering Group has now commissioned a County Tourism Strategy which will further explore opportunities in this area. Apart from the funding to complete the Strategy the following specific provisions have been made in the Budget:

- €100,000 has been provided to co-fund potential rural tourism projects under the LEADER programme.
- As in 2014, €200,000 is provided for County Signage. In this regard specific signage design strategies will be completed for tourism and heritage attractions and the Dublin Mountains. This is in addition to the recently designed Town Centre Signage Programme.
- A specific fund of €85,000 has been provided for marketing and branding which will be advised by the recommendations of the Tourism Strategy.
- The Festival and Events Budget has been increased from €30,000 to €70,000 while an additional €30,000 has been provided to support the development of specific tourism related events such as large scale conference and sporting events.

- €50,000 has been provided to support activities recommended by the 1916 Commemoration Committee and this provision will be further augmented in the 2016 Budget.
- A preliminary budget of €25,000 has been provided to procure external advice regarding commercial opportunities of a tourism / visitor attraction nature which might be linked to our edge of city location including our regional parks and the Dublin Mountains.
- In addition to this revenue provision a Capital Investment Fund of €500,000 has been created in the Capital Programme in recognition of the need to invest in tourism attractions and tourism infrastructure. The precise projects will emerge from the Tourism Strategy. This fund, which will be increased in future years, is in addition to the Clondalkin Round Tower Project, the budget of which has already been approved by Members.

Aesthetic Presentation and Villages Programme

In practical terms the visual and aesthetic presentation of the County is of fundamental importance in terms of first impressions and County promotion. In this context specific budgetary provision has been made for tackling derelict sites, further work to enhance the landscaping to the approaches of the County, improved signage, litter management and environmental enhancements. The design work on enhancing the primary approaches to our County is well advanced and will be presented to Council early next year. Separately the Environment SPC will be asked to consider a roundabout sponsorship scheme aimed at enhanced landscaping and visual amenity.

The Villages Programme supports economic development, County promotion and community enhancement objectives. We have now completed the planning stage of this Programme, provided the €5,000,000 necessary to undertake projects and will commence this work early next year. In addition to the signature projects a Public Realm Fund of €2,000,000, including a €1,000,000 provision in 2015, has been created to support significant hard and soft landscaping improvements, street furniture replacement and signage enhancement for all villages. This will result in very real and noticeable improvements to our villages over the next year. Also in the public realm area, an additional provision of €250,000 has been made for tree management and pruning. This will support the operation of a second crew on a year round basis.

Jobs Strategy

The publication of the Jobs Strategy earlier this year has helped to focus our efforts in this regard. While the general thrust of the Strategy remains relevant it will be reviewed and updated in the first quarter of 2015. The following specific additional initiatives are provided for within the current Budget:

- A sum of €150,000 has been provided to support the recruitment of graduates under the recently announced Public Sector Graduate Recruitment Programme.
- A sum of €250,000 has been provided to support a local authority House Painting Programme which in turn will facilitate the employment of apprentice painters.
- A sum of €50,000 has been provided to support a Sports Development Officer Training Programme in conjunction with the Education Training Board (ETB). An equivalent amount of funding will be provided by the ETB which will result in 50 trainees receiving the necessary qualification to work in the sports industry.
- The Council is at an advanced stage of recruitment of up to 215 Gateway participants which is a Government Sponsored Programme to take people off the live register.
- An initial provision of €25,000 to be matched by the hospitality sector and the ETB has been provided to support training programmes for the hotel sector in particular where it is understood there is a shortage of appropriately trained staff.
- Funding for the Council's Education Bursary Programme has been increased from €30,000 to €50,000. The criteria for the award of these bursaries will be reviewed by the SPC and a recommendation made to Council early in the year.

Community Development

As in 2014 in excess of €2,000,000 has been made for community oriented programmes and projects in 2015. These financial provisions cover such diverse areas as Arts, Libraries, Sports and Recreation, Festival and Events, Social Inclusion and Health and Wellbeing. The full ranges of Programmes are highlighted in the divisional detail provided. I want to highlight the following new expenditure items in particular:

- As in 2014 a provision of €500,000 has been made for the roll out of the Community Playground Programme.
- A sum of €25,000 has been made to support an Endeavour Awards Programme, the parameters for which will be decided by the Community SPC. The SPC will also be asked to examine the current Community Fund Programme of €200,000 with a view to ensuring it is appropriately targeted in the interest of community recognition.
- In recognition of the Members' requests a programme of Sports Pavilion provision is being initiated as part of this Budget. The design, nature and location of these pavilions will be the subject of a separate report to Council but in the meantime a sum of €600,000 has been provided for 2015.
- In the context of community activation a new "community initiative fund" of €100,000 is being provided. While the precise criteria will be considered by the SPC this fund is intended to support community initiatives of a scale which cannot otherwise avail of grant aid either from this Council or an alternative source.
- An additional €50,000 has been provided to support Active Age Projects.
- The Health and Wellbeing budget has been doubled from €35,000 to €70,000. We are in active discussions with the Department of Health as part of the Healthy Ireland Initiative on projects for next year.
- The Council is pursuing the development and roll out of a cycle way network through the County. While the public response to this initiative has been positive there is a need to engage with younger people with parental support around the use of these facilities, with particular reference to school attendance. During 2015 the Council will seek to partner with a number of specific schools to pilot a "Bike to School Scheme" in an effort to reduce car dependency.

Annual Service Plan

Following adoption of the Budget a service delivery plan will be published for circulation early next year which will articulate the full range of services planned including the new initiatives outlined herein. The plan will be supported by an external communications strategy which will be brought forward for Members' approval before the year end.

Conclusion

The range of initiatives and core funding supports provided for in 2015 are as a result of careful consideration of our strategic objectives. While there is a general mood of cautious optimism in terms of economic activity there remains significant challenges for our economy both locally and nationally in the short term. The focus of the Budget is to build on the process of recovery, modest growth and ambition now being witnessed.

I want to thank the Corporate Policy Group for their advice and guidance in this process and in particular to thank Clodagh Henehan, Head of Finance, and her staff, for their professionalism in managing the budgetary process.

Yours sincerely

Daniel McLoughlin

Prescribed Period of Budget 2015

The Minister for the Environment, Community and Local Government has determined the period 1st November 2014 to 24th November 2014 as the prescribed period during which the 2015 Budget Meeting should be held. The statutory Budget Meeting will be held on 6th November 2014 and as the Budget must be adopted within a period of 14 days commencing on that date, the final date for the adoption of the Budget is the 19th of November 2014. The Draft Budget has been prepared in the format as prescribed by the Department of the Environment, Community and Local Government.

Corporate Policy Group

The Corporate Policy Group (CPG) discussed the Draft Budget at meetings held on 7th July, 15th September, 6th October, 13th October and 20th October 2014. The role of the CPG includes setting the overall parameters for the Budget. This Budget has been framed around the Budget Strategy as developed with the CPG and endorsed at the meeting held on 15th September, 2014. The overall financial position of the authority was considered during the Budget consultation process.

The 2015 Budget

A preliminary estimate of current and capital expenditure for 2015 was submitted to the Department of the Environment, Community and Local Government on 29th September 2014. The Corporate Policy Group indicated during the Budget strategy discussions that the draft budget should assume that:

- Commercial Rates charges will not increase in 2015.
- Commercial rates vacancy scheme will not change in 2015.
- Local Property Tax will be reduced by 15% for 2015.
- 80% of the 2015 Local Property Tax collected in the county will be allocated to South Dublin.
- The financial support scheme for small and medium businesses should be continued again in 2015.
- The annual allocations for the following specific purposes should be continued: villages enhancement works, replacement of windows and doors, boiler replacement, electrical repairs, footpath improvements, replacement of public lighting columns, tourism promotions, signage, provision of playgrounds and the library book fund.
- South Dublin will implement the draft national differential rents scheme in mid 2015.
- The Council will continue to deliver a water service on behalf of Irish Water in 2015 and the costs incurred by the Council will be recouped via a service level agreement with Irish Water.

During subsequent budget preparation the following was highlighted to the Corporate Policy Group:

- Changes in funding mechanisms for the homeless services have necessitated that an additional net €900,000 in funding must be contributed by the Council to the regional homeless service for 2014 and the overall net funding requirement will increase to €1,509,300 in 2015 to support current levels of operations.
- An apportionment of Commercial Rates charges for the drainage network was agreed with Irish Water in 2014. This will increase the water services costs which cannot be recouped through the Irish Water Service Level Agreement in 2015 by an amount of €1,130,600.

The Draft Budget for 2015 provides for total expenditure of €220,595,300 and anticipates income of €82,219,300 from a range of services and sources including rents, fees, charges, loan repayments, grants and recoupments. The balance totalling €138,376,000 will be funded from a combination of commercial rates, local property tax and pension related deductions from staff remuneration.

Out-turn 2014

The Budget has been monitored closely over the course of 2014 in order to adhere to agreed targets, anticipate and explain variances and to take corrective actions if appropriate. The mid year review projected a positive out-turn for 2014 arising from increased incomes and reduced costs as follows:

- A local government grant of €923,906 for 2014 was allocated to South Dublin County Council in Circular Fin 6/2013. This allocation was not anticipated in the budget for 2014 but has been accounted for via the Revised Budget (or out-turn) 2014.
- Changes which encouraged owners of properties with outstanding Non Principal Private Residence Charge liabilities to register and discharge the liability (circular Fin 01/2014 dated 5th March 2014) contributed to additional income of €2,200,000 in 2014 (subsequently increased to €2,761,900 in the third quarter, however this increase was counteracted by increased expenditure on the Homeless Service in 2014).
- Payroll and other savings totalling €876,000.

The Corporate Policy Group has recommended a suite of capital and operational projects at a cost of €4M which will be advanced from the additional funds and savings.

Commercial Rates

There has not been a change to the Annual Rate on Valuation (ARV) or Commercial Rates Multiplier so the ARV of 0.162 is again proposed for 2015.

<i>Annual Rates Billing Bands</i>	<i>Commercial Rates 2014</i>	<i>No of Accounts</i>	<i>% of Ratepayers in this Category</i>	<i>Average Annual Cost per Ratepayer</i>
€0 to €1K	€258,300	415	6%	€622
€1K to €3K	€2,879,100	1,441	21%	€1,998
€3K to €5K	€5,423,400	1,377	20%	€3,939
€5K to €10K	€11,314,200	1,590	23%	€7,116
€10K to €50K	€33,407,900	1,557	23%	€21,457
€50K to €100K	€18,551,800	278	4%	€66,733
€100K to €500K	€26,651,100	148	2%	€180,075
€500K to €1M	€8,575,200	13	0%	€659,631
> €1M	€15,883,000	6	0%	€2,647,167
Total	€122,944,000	6,825	100%	

This means that the Commercial Rates Multiplier has been static since 2012 following reductions of 5.26% between 2009 and 2011. The Consumer Price Index (CPI) increased by 4.7% during this corresponding period so the net benefit afforded to the ratepayers is 10% between 2009 and 2014 if CPI is taken into account. The 2015 ARV will provide commercial rates income of €123,006,000 in 2015 which reflects an increase of €62,000 on the 2014 billed amount arising from new property valuations.

The Commercial Rates Vacancy Scheme was considered by the Corporate Policy Group during the budget consultation process and the group recommended that the existing scheme should be provided in the draft budget. The existing scheme provides a full rates credit or refund in respect of commercial properties in circumstances where a property is vacant (due to refurbishment or if the owner has failed to let the property to a tenant at a reasonable rent) on the day the Rate is struck. A credit is allowed for each full month that the occupier/owner is unable to let or occupy the property. The 2014 budget rates credit provision was €13,000,000 and current data indicates that the level of business vacancy has not changed so this provision has been repeated in the 2015 budget.

Local Property Tax

In circular Fin 14/2014 the Minister for the Environment, Community and Local Government assigned a Local Property Tax provisional allocation of €26,122,733 to South Dublin County Council for 2015. The members of South Dublin County Council reduced the basic rate of the Local Property Tax within its administrative area by 15% at a meeting on 22nd September 2014, in accordance with the reserved function provided by Section 20 of the Finance (Local Property Tax) Act 2012. The 15% variation reduced LPT so the revised 2015 allocation is €21,224,721. The Department of the Environment, Community and Local Government has advised that this will be paid over the course of 2015 and is to be applied as follows:

(a) Discretionary expenditure.	€2,556,577
(b) Local roads maintenance and improvement.	€2,886,859
(c) Housing Association/Voluntary Body related loan repayments	€7,026,000

DIVISIONAL PREAMBLES
2015

Income and Expenditure from Divisions 2006 - 2015

€ Millions

Division A – Housing and Building

A budget totalling €62,157,400 has been allocated to support the provision of housing services in 2015. Changes affecting the funding mechanism for the Capital Loan Subsidy Scheme have increased the expenditure provided in A06 Support to Housing Capital and Affordable Programme by €4,884,000 in 2015. This change was introduced following the decision of the Department of the Environment, Community and Local Government to assign local property tax to fund the loan repayments in 2015.

Provision has also been made for the commencement of a Housing Assistance Payments scheme in South Dublin during 2015. The budget of €100,000 will support preliminary rollout of the scheme. It was necessary during 2014 to assign an increased budget to fund the Homeless Agency which is delivered by Dublin City Council on behalf of the Dublin region. The increased budget of €1,564,400 (excluding service support costs) has been allocated for 2015. The level of costs which can be recouped for this service has reduced from €522,000 in 2014 to €320,000 in 2015.

The 2015 Annual Service Plan for Housing Services will provide for expenditure of:

- €14,206,400 on the maintenance of 9,100 housing units.
- €950,000 on the replacement of windows and doors (a further €500,000 is provided as a one off supplementary allocation in the Capital account).
- €1,000,000 on boiler maintenance.
- €450,000 on boiler servicing.
- €350,000 on electrical repairs.
- €175,000 for Estate Management Service minor works.
- €800,600 on Tenancy Management.
- €23,979,200 on RAS, Leasing and Payment & Availability Leased properties.
- €1,656,700 on Housing Grants.
- €1,859,800 on Homeless Service.

- €2,164,000 on Insurance - including housing

stock, MPI, Public and Employer Liability.

- €314,200 in recoupable costs associated with inspections for compliance with Private Rented Dwellings standards.
- €2,280,400 on Rent Assessment and Debt Management.

The main source of income from this Division is Rent from Social Housing and RAS. This is projected to generate income of €23,355,000 in 2015.

Division B – Road Transport and Safety

The proposed Budget of €27,147,900 allocated to support the provision of road transport and safety services in 2015 reflects similar expenditure and activity levels with 2014. €2,886,859 from Local Property Tax will be provided to support these services in 2015 but an equivalent adjustment will then be made to the State grants traditionally provided for this Division. As the LPT income is a source of income in Table A, the Division B income has been reduced accordingly, as advised in circular 17/2014. The proposed Budget assumes that a balance of €1,664,300 in road grants will be received from the National Roads Authority in 2015 to fund a range of planned road transport and safety activities. The NRA service plan has yet to be agreed and adjustments will be necessary to this aspect of the budget if the required service levels are greater or less than anticipated. The 2015 Division B Road Transport and Safety budget provides for expenditure of:

- €3,309,800 on National Secondary and Regional Road Maintenance.
- €11,704,900 on Local Road Maintenance and Improvements – including €1,000,000 on Village Enhancement Projects, €450,000 on Footpath Improvements and €100,000 on Cycle Track Maintenance.
- €4,717,800 on Public Lighting – including €400,000 on Structural Column Replacement.
- €1,906,000 on Traffic Management Services.
- €1,686,400 on Road Safety Engineering Improvement.
- €866,200 on the School Wardens Service.
- €753,400 on Car Parking.
- €1,550,200 on Roads Capital Programmes.

During 2014 work continued on the Newlands Cross Upgrade and it is anticipated that the Mainline Bridge will be open for N7 Traffic in early November and that the project will be completed in early 2015. South Dublin County Council is again responsible in 2015 for the maintenance and upgrade of the N81 while the National Roads Authority will maintain and improve the National Primary Roads in the region. The proposed Budget provides an additional €475,100 to bring the National secondary road maintenance budget to €582,500 in 2015. The funding for this service was increased by the NRA in 2014 and is anticipated again in 2015. The additional grant enabled the Council to provide increased levels of maintenance and grass cutting on this major arterial route running through the south of the County.

A Scope of Works on the Village Initiative Programme has been identified and works will commence in late 2014 and progress throughout 2015. A fund of €5,000,000 has been provided in the Capital account for these works.

The 2015 budget for Public Lighting has been provided as follows:

- €1,531,600 for maintenance and upgrade.
- €2,436,500 for energy costs.
- €563,600 for structural maintenance.

The Budget for upgrading the Public Lighting Network has been increased from €275,000 to €400,000 to allow for an increased rate of replacement of older columns and the programmed replacement of lanterns with low energy LED bulbs that that will lead to a reduction in energy consumption.

An allocation of €20,000 has also been included to undertake a Road Noise Assessment Study on the major roads within the County with a view to formulating a targeted Barrier Installation Programme.

Work has commenced in 2014 and will be completed in 2015 on the following Sustainable Transport projects:

- Phase 2 Tallaght to Templeogue Cycle Track €700,000.
- N81 Cycling, Walking and Bus Facilities N82 to Fortunestown €700,000.
- Willsbrook Road Roundabout €500,000.
- Lucan Access Study.

School warden services are provided at over 90 school crossing points throughout the County. Safe cycle training continues to be rolled out to national school children.

Pay parking in 2014 reflects income reductions of 27% compared to the 2013 out-turn. This reduction relates to a Transportation SPC Business Initiative Support, which introduced a trial 30 minute “grace period” in April 2014.

Projects funded by the National Transport Authority funded are carried out through the Capital account.

the detailed design which will then enable works to commence on the ground.

Final reports on flood mapping for the Liffey and Griffeen will be published in 2015.
