

TTT - SENSORY TOYS

Introducing Spike the Fine Motor Hedgehog, the perfect companion for building hand strength and fine motor skills in toddlers. This colourful hedgehog toy includes 12 grip-and-pull quills, a base, and a shell. The indented surfaces of the quills make it easy for kids to develop their pincer grasp and hand strength. Turning the quills also helps develop wrist rotation. This toy and many others are available from our TTT catalogue.

Please enquire at the desk for more information.
